

How to help prevent the spread of Coronavirus.

Please do not enter if you have:

- Returned from overseas travel in the last 14 days;
- Knowingly come into contact with someone who has returned from overseas travel in the last 14 days;
- Knowingly come into contact with someone who has been diagnosed or exposed in the last 14 days;
- Any potential Coronavirus symptoms including fever, cough, sore throat, runny nose or unexplained shortness of breath.

Statement

On Wednesday the 11th March 2020 the World Health Organisation (WHO) declared the outbreak of Coronavirus to be a pandemic. WHO and public health authorities around the world are taking action to contain the outbreak, however success relies on all sections of society – including businesses and employers – taking measures necessary to help stop the spread.

The management of Beachwood Homes has a duty to their employees and clients to put appropriate measures in place to help keep people safe and to help control the spread of coronavirus. Our response takes into consideration the high level of human contact our employees experience on a day-to-day basis.

We won't be shaking your hand.

We know you'll understand.

If there's any reason that you may be carrying the Coronavirus (as stated above), you should seek medical attention as soon as possible and follow instructions of health authorities.

If you're unable to enter due to the reasons stated above, please give us a call for any of the information you may need.

Thank you, Management
